Recently we have had numerous requests for Ewe-phoria. Ewe-phoria is the first graph that Frank charted. He sat down at my computer and created this “ewe-phoric” lamb! With this pattern you chose what fabric count and color you want to stitch on and the color of the fibers you wish to use. The worked area will be 107 stitches wide x 55 stitches tall (214 threads x 110 threads). 2 threads = 1 stitch
